**STUDENT**  
PUSE Task Number  
**A**  
**104**

**Description and solution(s) of the task:**

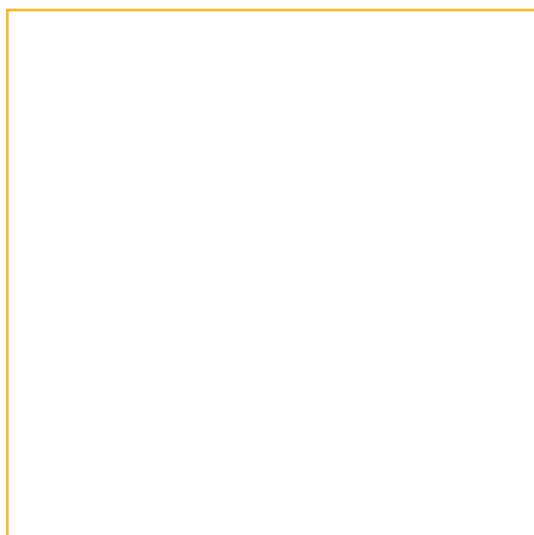

1. Use the triangle set. Build quadrilaterals from 2, 3, 4, and then 5 elements! What do you experience?
2. Draw the quadrilaterals.
3. By area, what fraction of each constructed quadrilateral is one single element? Write the answers under the drawings.
